CONFERENCE DETAILS

Conference Fees are charged to cover the costs of the conference, meals, breaks, room rental, audio-video equipment, videographers, and other expenses to conduct a national conference. The fees charged per registrations do not actually cover all the expenses; and therefore, SPF must sponsor the balance from donations received from fundraising. If you, your family, your guests are attending the conference each person must register and pay the appropriate rate.

The Spastic Paraplegia Foundation tries to sponsor a conference to bring together the leading doctors, scientists, researchers, clinicians, and families living with #HSPandPLS. SPF has hosted the Annual SPF Conference since 2003. We look forward to reuniting as a community at this year's conference to offer each other support and strength, and to learn about the latest advances in research and care.

The three-day event is filled with a variety of workshops, keynote sessions with leading researchers, and more—plus informative events like our meet & greets and social mingles. There are many opportunities to connect and interact with other SPF families and to receive updates from doctors.

Please notice we try to make accommodations for people with food allergies and other allergies to help keep space safe for attendees. Please make note of any allergies on the registration form and make sure you remind the hotel staff when you are being served.
